Fortified Rice-Soy Blend  
Chicken Flavored & Seasoned

Directions: For best results, let's fight hunger together. People all over the world (including right here in our own community) lack enough food to meet their basic needs. As this shortage increases, so does our responsibility. Please join us in feeding the hungry. You can save a life.

INGREDIENTS FOR SUCCESS: In order to feed a hungry world, we need strong foundations. We need partners, able volunteers, financial support, creative imaginations, and hope in tomorrow.

## My experience

- Sorting and organizing products
- Sorting and processing different supplies
- Matching and sorting 3D printed shoes
- Teamwork with the other volunteers
- Removed products from retail packaging

## Engaging in volunteering

I wanted to express my gratitude and appreciation for the opportunity to volunteer at Matthew 25: Ministries. My first day was eye-opening, as I witnessed a diverse group of individuals from various walks of life, spanning ages 8 to 70, all united by a common purpose: giving back. What I found particularly striking was the sense of teamwork and camaraderie that emerged among strangers, working together seamlessly to achieve a common goal. Despite our differences in age, background, and culture, we all came together to support the mission, demonstrating that together, we can accomplish great things.

## Introduction

The name of the organization I chose for my 15-hour project was Matthew 25: Ministries. Beginning in 1990, Matthew 25: Ministries began when Founder Rev. Wendall Mettey promised to assist those in need after seeing the poverty and devastation in Nicaragua(Matthew 25 Ministries, 2024). First, the company transported the surplus goods in baggage and cargo planes from the U.S The processing center is in Blue Ash, OH(Matthew 25: Ministries, 2025b).The charity provides necessities, including food, clothing, and hygiene goods, to people and families locally and internationally, with a primary focus on disaster relief, humanitarian help, and community outreach. With a heavy emphasis on sustainability and moral behavior, Matthew 25 Ministries aims to empower communities by providing resources and education that promote long-term self-sufficiency in addition to meeting urgent needs.

## RECOMMENDATION

- Have more extended lunch and breaks when needed
- Have more fundraisers to help with financials
- Conduct surveys for employee satisfaction
- More processing centers and partnerships are needed for more disaster relief aid

## Conclusion

The chance to witness how a charitable organization is operated helped me personally. Volunteering calls for much work. This is the place to give back if you enjoy lending professional skills by volunteering and are driven by assisting those in need. Knowing that things will go to someone in need makes one feel fulfilled.
